

Regulation 1574. Vending Machine Operators.

(a) GENERAL.

(1) PERMITS. Persons operating vending machines dispensing tangible personal property of a kind the gross receipts from the retail sale of which are subject to tax or dispensing food products at retail for more than 15 cents must obtain permits to engage in the business of selling tangible personal property. One permit is sufficient for all machines of one operator.

A statement in substantially the following form must be affixed upon each vending machine in a conspicuous place:

"This vending machine is operated by

Name of Operator

Address of Operator

who holds Permit No. _____ issued pursuant to the Sales and Use Tax Law."

It is presumed that sales of tangible personal property through vending machines are made on a tax-included basis.

~~Sales will be regarded as having been made on a tax-included basis if a statement in substantially the following form is affixed:~~

~~"All prices of taxable items include sales tax reimbursement computed to the nearest mill."~~

~~If a person operates more than one vending machine located at the same place, that person may, as an alternative to the above requirement, affix a clearly readable sign containing the same information in a conspicuous location near the machines.~~

(2) RECORDS. Adequate and complete records must be kept by the operator showing the location or locations of each machine operated by him or her, the serial number thereof, purchases and inventories of merchandise bought for sale through all such machines, the prices charged by the operator, the gross receipts derived from the operation at each location, the receipts from exempt sales, and the sales price to the operator of all tangible personal property of which the operator is the consumer. Records must be kept of the receipts derived from each machine at a location if differing kinds of merchandise are vended through separate machines at that location.

The proposed revisions contained in this document may not be adopted. Any revisions that are adopted may differ from this text.

(3) **SCHEDULE SHOWING ALLOCATION BY COUNTY.** If the machines are operated in more than one county, a schedule must be attached to the return showing the tax allocable to each county. If a person purchases property under a resale certificate and dispenses it through a vending machine under circumstances where he or she is considered to be the consumer of the property, a schedule must be attached to the return showing the use tax due thereon allocable to each county.

(4) **SALES TO OPERATORS NOT FURNISHING RESALES CERTIFICATES.** Persons making sales of tangible personal property of a kind the gross receipts from the retail sale of which are taxable, to operators of vending machines to be resold through such machines, must notify this board of the name and address of each operator who fails to furnish a valid resale certificate. In the event such persons fail to so notify the board, or desire to assume tax liability for the operations of particular vending machines, then, pursuant to Revenue and Taxation Code Section 6015, they are required to return the tax to the state, measured by the receipts from the retail sale of the property.

(b) APPLICATION OF TAX.

(1) **IN GENERAL.** Persons operating vending machines dispensing tangible personal property of a kind the gross receipts from the retail sale of which are subject to tax must report and pay to the state the tax upon gross receipts from all sales of such property made through such machines. ~~If the tax-included statement is affixed as provided in Subdivision (a)(1)~~ Since sales through vending machines are presumed to be made on a tax-included basis, taxable gross receipts is total receipts from retail sales through the vending machines after adjusting for sales tax included therein.

(A) PHOTOCOPIES. Tax applies to the gross receipts from sales of photocopies through coin- or card-operated copy machines. However, library districts, municipal libraries, county libraries, or any vendor making sales pursuant to a contract with a library district, municipal library, or county library are consumers of photocopies sold at retail through a coin-or card-operated copy machine located at a library facility.

(B) SALES BY PARENT-TEACHER ASSOCIATIONS. Parent-teacher associations or equivalent associations under Regulation 1597(e) (18 CCR 1597 (e)), are consumers of tangible personal property dispensed through vending machines and are not required to hold seller's permits by reason of such activities.

(C) SALES BY NONPROFIT, CHARITABLE, OR EDUCATION ORGANIZATIONS. Nonprofit, charitable, or education organizations dispensing tangible personal property for 15 cents or less through a vending machine are the consumers of such property and are not required to hold a seller's permit by reason of such activities.

customer's own containers are exempt from the tax under Revenue and Taxation Code Section 6353.

(2) FOOD PRODUCTS.

(A) Effective January 1, 1986, tax applies to the gross receipts from the retail sale of food products, including candy and confectionery, dispensed through a vending machine at retail for more than 15 cents unless otherwise exempted as provided below. ~~If the tax-included statement is affixed as provided for in subdivision (a)(1),~~ Since sales through vending machines are presumed to be made on a tax-included basis, total receipts from the taxable retail sales of food products ~~which are subject to tax and dispensed through vending machines may should~~ be adjusted to compensate for the sales tax included therein. The term "food products" does not include carbonated beverages. A vending machine operator is a consumer of, and not a retailer of, food products, including candy and confectionery, dispensed through a vending machine at retail for 15 cents or less, effective January 1, 1986. Tax is measured by the sale price to the vending machine operator of such items unless otherwise exempt. If the property sold to the operator is an exempt food product or a nonreturnable container, no tax is payable regardless of the nature of the product when dispensed through the vending machine, and regardless of whether facilities for consumption are furnished at locations of the vending machines. For the purposes of this subdivision, the term "candy and confectionery" includes candy-coated gum products.

~~For the period August 1, 1983 through December 31, 1985, the total gross receipts from the retail sale of food products dispensed through a vending machine were subject to sales tax, irrespective of the retail sales price or whether the food products were sold in a hot or cold condition.~~

(B) Operative January 1, 1988, tax does not apply to the sales, and the vending machine operator is the consumer, of any food products, including candy and confectionery other than beverages or hot prepared food products, sold through a coin-operated bulk vending machine if the amount of each sale is twenty-five cents (\$0.25) or less. For purposes of this regulation, "bulk vending machine" means a vending machine containing unsorted food products, including candy and confectionery, which, upon insertion of a coin, dispenses those products in approximately equal portions, at random, and without selection by the customer. For the purposes of this subdivision, the term "candy and confectionery" includes candy-coated gum products.

(C) Beginning January 1, 1988, a partial exemption from the tax is allowed any retailer who receives gross receipts through vending machines from the sale of cold food products, hot coffee, hot tea and hot chocolate which are subject to the tax. The following percentages of the gross receipts from the sales of such products are subject to the tax: 77% for the calendar year 1988, 55% for the calendar year 1989, and 33% thereafter. This partial exemption does not apply to sales of hot prepared food products (except hot coffee, hot tea and hot chocolate) and receipts from such sales may not be included in the computation of the exemption.

The proposed revisions contained in this document may not be adopted. Any revisions that are adopted may differ from this text.

"Gross receipts from the sale of cold food products, hot coffee, hot tea and hot chocolate" represents total receipts after adjusting for sales tax included. Therefore, in order to determine taxable receipts, an adjustment must be made to compensate for sales tax included in total receipts. Following is an example of the computation ~~during the year 1991~~ using the 7 1/4 percent rate:

Total receipts from sales of cold food product, hot coffee, hot tea and hot chocolate through vending machines	<u>\$10,000.00</u>
Factor	<u>32.2289%</u>
Taxable receipts	<u>\$3,222.89</u>
Tax rate	<u>7.25%</u>
Tax included	<u>\$233.66</u>
Exempt receipts	<u>\$6,543.45</u>

Proof: $\$10,000 - 233.66 = \$9,766.34$
 $\$9,766.34 \times 33\% = \$3,222.89$

~~In order to use the above calculation and claim a tax included deduction, a tax included statement as provided in subdivision (a)(1) must be displayed conspicuously on or near each machine.~~

Gross receipts from the sale of cold food products, hot coffee, hot tea and hot chocolate subject to the tax may be calculated for the year 1990 and forward using the following percentages for the tax rates indicated:

TAX RATE	PERCENTAGE	TAX RATE	PERCENTAGE
6.00%	32.3593%	7.50%	32.2030%
6.50%	32.3070%	<u>7.625%</u>	<u>32.1900%</u>
<u>6.625%</u>	<u>32.2940%</u>	7.75%	32.1771%
6.75%	32.2809%	<u>7.875%</u>	<u>32.1641%</u>
<u>6.875%</u>	<u>32.2679%</u>	8.00%	32.1512%
7.00%	32.2549%	<u>8.125%</u>	<u>32.1383%</u>
<u>7.125%</u>	<u>32.2419%</u>	8.25%	32.1254%
7.25%	32.2289%	<u>8.375%</u>	<u>32.1125%</u>
<u>7.375%</u>	<u>32.2160%</u>	8.50%	32.0996%

To compute the cold food factor for other tax rates the formula is as follows:

Cold food factor percentage = $100 \div [3.0303 + \text{tax rate (decimal form)}]$

Example: Cold food factor at 7.25% = $100 \div (3.0303 + .0725) = 100 \div 3.1028 = 32.2289\%$

(D) Tax does not apply to sales of any food products, whether sold through a vending machine or otherwise, to students of a school by public or private schools, school districts, student organizations, or any blind person (as defined in Section 19153 of the Welfare and
